

HIGH SIERRA VACATION

HIGH SIERRA PACKERS

HIGH SIERRA VACATION

HIGH SIERRA PACKERS

Types of Trips and Cost

SPOT TRIPS You are taken by horseback, your gear and provisions by pack animal, to a desirable campsite on a lake or stream. The stock and packer return for you on a predetermined date. This type of trip has the desirable features of moderate riding, camp comfort, hiking to nearby areas and economical charges for the pack services. Your length of stay does not affect the charges. The party is expected to furnish its own camp gear and food. Variations in rates occur because of the distance, number in the party and amount of your gear. Approximate charges * on a trip of 3 hours' riding time from the pack station are \$35 to \$45 per person for a party of 4 or more, roundtrip. Rates for spot pack trips of 5 to 7 hours are approximately \$68 to \$75 per person for a party of 4 or more.

ALL-EXPENSE TRIPS The stock, packer, food, cook and camping gear are provided by the pack outfit for the duration of the trip. This type of trip has many advantages, including the planning, preparation and cooking, all of which are done by the pack outfit. Approximate rates * are \$25 to \$35 per day per person.

CONTINUOUS HIRE OF STOCK AND PACKER The packer and stock remain with your party throughout the duration of the trip. Camp gear and provisions are normally provided by the party. The amount of moving and excursions may be determined by the individual party during the trip, or itineraries may be planned in advance. Approximate average costs * are \$18 to \$25 per day for each person. This type of trip features mobility and flexibility. The amount of horseback riding varies with the interests and desires of the party.

DUNNAGE PACKS The pack outfit packs the gear for a hiking party. The charges are based on the number of pack animals and packers required. This may be either a traveling trip or a pack to a predetermined area.

BURRO TRIPS Burros are available from packers marked. Continuous hire of burros during the duration of your trip is expected. Approximate rates are \$4.00 per day per burro. You accept the responsibility for the care, packing and well-being of the burros you hire.

DAY RIDES Available with or without guides. Approximate rate is \$7 to \$10 per horse without a guide. Guides are approximately \$20 per day. Guided open-group trips are available

HOW TO ARRANGE YOUR PACK TRIP You are encouraged to write the packer for information and assistance in planning your trip. The packer will be happy to provide suggestions and recommendations to make your trip enjoyable.

In your correspondence with the packer of your choice you should indicate:

1. The approximate dates of your trip
2. The type of trip you desire
3. The number of people you expect in your party
4. If known, the area or lakes you desire

*Rates vary with each pack station. Advance quotations for specific areas and types of trips are available from each pack station. The charges for your trip may vary with the size of your party, amount of gear, and the length of your trip. Almost any type and length of trip can be arranged with the packer of your choice. The Association encourages you to write pack stations for specific information and assistance in planning your trip.
